1	18 of 19	8.2 paragraph 1	The subcontractor is responsible for conducting weekly inspections of all gray drums they have been issued until the drum is returned to EG&G, if however, the project has been completed, and all drum field log forms - waste characterization forms have been turned in and accepted by the appropriate EG&G representative the drum inspections may be conducted on a once a month basis (Reference - CDH Letter of 9/11/92) by EG&G.
